

RICHMOND SCHOOLS STAND UNITED

Rally for Education: September 17 @4:30pm in Steveston at John Yap's MLA office. All Richmond schools and their supporters are invited. We have VIPs attending, as well as media outlets. The provincial government needs to address the crisis in education.

Richmond's children should not be learning in portables! Richmond's children should not be learning in schools unsafe in an earthquake! Richmond's families need childcare to stay open! Together, we can be loud enough to be heard in the Legislature. Our children and communities are important, and the time for action is now, before school closures forever change our neighbourhoods.

Bring your signs! Make some noise!
