

Dear Families,

Students are already beginning to rehearse and plan for our upcoming Lee Winter Concert! There will be 2 performances on **Thursday, December 18st at 1-2pm and at 6-7pm**. Please know that our evening performance is very well attended and seating is often at capacity.

Evening Concert @ 6pm

- To ensure that we comply with fire code and gym capacity, there will be **a limit of 3 people total per family (excluding students) for the evening concert.**

Afternoon Concert @ 1pm

- There are **no seating limits** for the afternoon performance.

Important note regarding the parking lot for the evening concert:

The school parking lot will be **closed** for the evening winter concert. In the past, our parking lot has been identified as a safety concern with too many cars trying to park in too few spaces, this is especially the case as it will be quite dark when students and families are arriving for the evening portion of the concert.

We encourage families to walk to school or use street parking for the event. If families require additional accessibility considerations, please call the school, and ask for Mr. Chan. We will do what we can to help.

In addition, our Div 1,2,3,4 bands will be hosting a performance at 9:30am on Friday December 19. Parents and guardians are welcome to attend.
